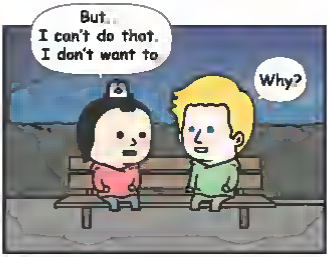
It's totally different from being buried

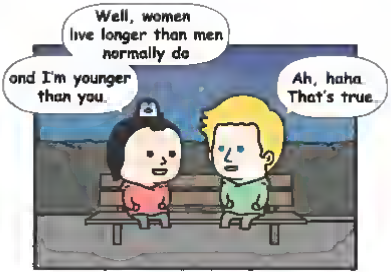
Mev said.

If I get my grave, you have to visit me to see me when you miss me



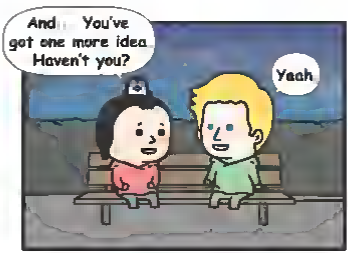
But...
I can't do that.
I don't want to
Why?

I told you that I'd like to stay in one place because if I don't,

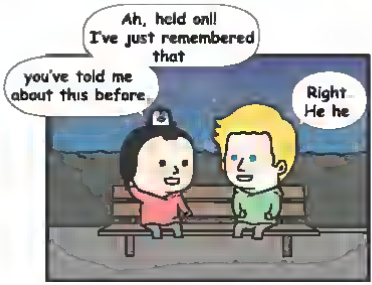


Well, women live longer than men normally do
ond I'm younger than you.
Ah, haha. That's true.

This is the reason why I want to be kept somewhere after cremation and also why I don't want to do what Mev wished.



Except for being buried at sea, Mev had one more idea, which was...



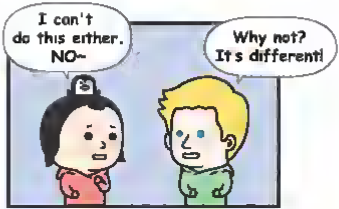
However,
Mev has a very different idea about than me

I'll always be there for you... So that's OK then, isn't it?

NO...

But
if I'm in space,.

...that I launch him into space

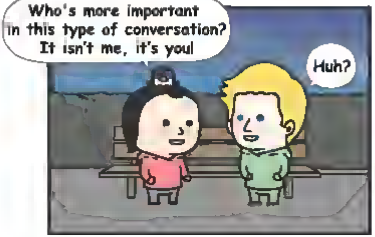


I've never heard of anyone else who has said this kind of thing.

After death.

One day, I was talking with Mev about what we would like to happen our bodies after we die.

...it has a reason.



What I want...

... isn't special but...

What I meant was that it's too expensive to do

A-ha!
